

MX R10 FRONT LINKAGE - AGRICULTURAL

For a fully multipurpose, more cost-effective tractor!

As well as the rear linkage, MX Front Linkages enable 2 implements to be attached to the tractor. With this combination, you can perform two operations in just one sweep! Result: maximum performance with less mechanical effort.

Technical specifications*

Front linkage category	2
Lifting capacity at the end of the arms	1000 kg
Theoretical arm spacing	825 mm
Coupling balls	Cat. 2
